PROFESSIONAL SUMMARY

MCA student with knowledge of Core Java, Python, SQL, PHP, HTML, CSS, and JavaScript, and hands-on experience building database-driven applications. Eager to apply my technical skills, gain practical experience, and explore opportunities for professional growth.

EDUCATION

Maters of computer Application | 2025 – Present

BSc Computer Science CGPA: 7.31 |2021 – 2024

Higher Secondary Certificate (Science) 2022 Maharashtra State Board 60.00% | 2021

SKILLS

- **Languages:** Python, Java (Core), C, C++, PHP
- **Web:** HTML5, CSS3, JavaScript
- **Frameworks:** FastAPI
- **Database:** MySQL, SQLite, JDBC
- **Concepts:** OOP, Data Structures, SQL
- **Tools:** Git, GitHub, VS Code, XAMPP

PROJECTS

Corporate Bill & Expense Tracker | Java, JDBC, MySQL

- Developed a console-based expense tracking application using Core Java and OOP principles to manage corporate expense records.
- Implemented CRUD operations using JDBC and MySQL with Prepared Statement and Result Set.
- Wrote SQL queries using WHERE, SUM, and ORDER BY to filter expenses, calculate totals, and sort records

Tejyonidhi Online Yoga Studio and E-commerce | PHP, MySQL, HTML, CSS, JavaScript

- Developed a full-stack web application for yoga studio management and online product sales.
- Implemented trainer search, alarm reminders and schedule filtering.

Mentor-Mentee Management System | Python, Fast API, SQL Alchemy, SQLite, JavaScript

- Built a role-based Mentor-Mentee System (Admin, Mentor, Mentee) using Fast API, SQL Alchemy and JavaScript, with REST APIs for mentor assignment, task tracking and performance dashboards.
- Added messaging with unread counts, Google Meet scheduling and OTP-based email login.

CERTIFICATIONS

- Python Programming — Sachi Tech Institute
- C++ Programming — Sachi Tech Institute
- Web Development — Sachi Tech Institute
